Abstract: Each year, WIC State agencies administering the Special Supplemental Nutrition Program for Women, Infants and Children (WIC) are required by 7 CFR 246.12(j)(5) to submit to FNS an annual summary of the results of their vendor monitoring efforts in order to provide Congress, senior FNS officials, as well as the general public, assurances that every reasonable effort is being made to ensure integrity in the WIC Program. State agencies use the TIP web-based system to report the information. The number of State agencies reporting remains at 90, which includes 50 geographic State agencies, 34 Indian Tribal Organizations, the District of Columbia, Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Marianas, and the Virgin Islands. The reporting burden consists of three automated forms, the FNS-698, FNS-699 and FNS-700. The FNS-698 and FNS-699 are used to report State agency summary data, whereas the FNS-700 is used to capture information on each authorized WIC vendor. The number of vendors authorized by each WIC State agency varies from State to State. There are no changes in the burden hours associated with collection.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average of 25 minutes or 0.4175 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Affected Public: State and Tribal Agencies; Respondent Type; Directors or Administrators of WIC State agencies.

Estimated Number of Responses per Respondent: One

Estimated Total Annual Responses: 90 responses
